# Strips and parts to cut out

1 inch

*For white paper, in color. Cut out each row along its heavy line: every row is one strip long. Lay a row of parts on a strip, left ends together, and trim its right end to the strip's end. Then cut it into parts along the fine lines.*

**The line measures 10 cm and the square 1 inch.** If they do not, print again at 100%: choose "Actual size", not "Fit to page".
